

About Toji no Akari

Komono Town was gifted the "Aotaki Falls Lantern" by a patron who was healed by the hot springs of Yunoyama Onsen. It was lit for many years as a symbol of the healing properties of the springs, but it eventually fell into disuse. The town is currently putting an effort into reviving this lantern tradition by providing Toji no Akari (portable LED floating lanterns) to visitors. The light emitted from the lanterns against Komono Town's rich nature makes a great photo opportunity!

Light up Komono Town in Mie Prefecture
with the soothing Toji no Akari lanterns!

Toji no Akari (portable LED floating lanterns)

You can purchase an LED floating lantern in your preferred color. At the purchase facility, helium gas will be filled, and the batteries will be inserted before handing it over to you.

With a choice of LED colors

Sales facilities

- 📍 Komono Tourist Association (Michi no Eki Komono 2F)
- 📍 Shikanoyu Hotel
- 📍 Hotel Yunomoto
- 📍 Kotobuki-Tei
- 📍 Irodori Koyo

Opening hours: Please contact the facility directly for information

Nestled in the mountains, Komono Town is blessed with several beautiful nightscape spots where the starry sky and city lights weave together, including Mount Gozaisho, Komono Fuji, and Yunoyama Onsen. Visitors can also enjoy the fantastic photogenic experience of lighting Toji no Akari lanterns.

We have compiled a map of all the spots where you may wish to take your Toji no Akari. Please enjoy a special moment with your loved ones bathed in the warm light!

Precautions

⚠ Watch out for wild animals

This area is located within the mountains where wildlife is present so you may encounter wild animals in the dark. Please ensure to take care as it can be dangerous. Please note that animals may jump out in front of your car lights.

⚠ Ensure that you have a light ready

When heading towards the night view spot please use a light to ensure your safe arrival as it can become very dark and it will be difficult to see where you are stepping.

⚠ Follow the rules

Some areas do not allow even temporary parking, while others have time limits. For safety reasons, please avoid activities that may cause inconvenience to the surrounding facilities and residents.

⚠ Please ensure to shorten the string when moving.

Please keep the string at a length of no more than 3 meters, as it may get caught in the trees.
